SOUND DESIGNER · AUDIO PROGRAMMER

Igor Szuniewicz

Game sound designer and audio programmer with a classical piano background. I like making sounds that react to the player: spatial audio in VR, real-time ML tools, and plugins in C++/JUCE.

01 EXPERIENCE

Technical Sound Designer · XR Labs, Brussels

FEB 2026 - PRESENT

Audio for VR training simulations used by police, military, and customs teams (Unity + Steam Audio).

- Design and implement the spatial audio systems trainees rely on to locate threats by ear: direction, occlusion, transmission, and distance.
- Own audio end to end on selected projects: recording and sound design, Unity integration, and in-headset testing with the dev team.

02 SELECTED WORK

01 

Shadow Frames TEAM · 2025
Sole audio designer on an audio-led horror game: 200+ Wwise events, voice acting, UE5 integration.

02
