SOUND DESIGNER · AUDIO PROGRAMMER

Igor Szuniewicz

Game sound designer and audio programmer with a classical piano background. I like making sounds that react to the player: spatial audio in VR, real-time ML tools, and plugins in C++/JUCE.

01 EXPERIENCE

Technical Sound Designer · XR Labs, Brussels

FEB 2026 - PRESENT

Audio for VR training simulations for police, military, and customs, built in Unity with Steam Audio.

- Set up how sound behaves in buildings: direction, walls, distance, and room acoustics.
- Record, design, and implement the audio on my projects, then test it in the headset with the team.
